## **DISSEMINATION ACTIVITY (Action D2)**

**LIVING KITCHEN, Cologne 19-25<sup>th</sup> January 2015**

**Project GREEN SINKS was showed at LIVING KITCHEN fair with brochures, notice boards and molded sinks with recovered raw materials.**

**A lot of interest from visitors was demonstrated about the project and its advancement.**

**LIVINGKITCHEN fair has established itself in Cologne as the central meeting point of the kitchen world with more than 142.000 registered visitors in this edition. Over 200 well-known national and international suppliers from 22 countries had presented their latest ideas and innovations.**

**Below is shown the corner of the stand dedicated to Green sink's project.**
